

Archbishop Courtenay Primary School

PE and School Sport Funding

2016/17

Background

In April 2013 the Government announced new funding of £150 million for physical education (PE) and sport. The funding should be used to improve the quality and breadth of PE and sport provision. As a school we are entitled to an £8000 lump sum and then £5 for each of our pupils between the ages of 5-11. This gives the school funding of £9195.00 for the academic year 2016/17.

Ofsted

From 2013, Ofsted inspectors are assessing and reporting on how effectively the primary school sport funding is being used to improve P.E and sport provision as part of the quality of the school's leadership and management.

School use of the available funding

We believe PE is a hugely important part of the curriculum and we have some fantastic facilities at our school. We pride ourselves on offering many opportunities to get involved in sport, both during and after school. We have spent the last few years using the available funding to upskill staff and to enhance the deliverance of the curriculum. We have decided to spend the available funding during this academic year to pay for an on-site sports coach who is a member of our team and can continue to upskill our staff. The aim for our children is to raise participation and promote more sporting opportunities for all year groups.

What will the impact be?

- All pupils from YR to Y6 will receive one hour per week of team teaching alongside a professional sports coach.
- Our staff will receive one hour per week of professional development in order to enhance their own PE teaching.
- Pupils will be provided with a PE timetable that will encourage and enhance their physical skills. These skills will provide natural progression as pupils move through the school.
- PE lessons will provide pupils with the opportunity to practise all sports skills including football, gymnastics, hockey, rounders, dance and athletics.
- Pupils will have the opportunity to take part in local events involving friendly competition between schools.
- After school clubs will be run to encourage pupils to try out different sports such as football, rugby and street dance.
